PROFESSIONAL SUMMARY

Motivated Computer Science and Engineering student at United International University (UIU) with strong interests in Computer Networking, Cyber Security, and Software Development. Seeking internship opportunities to apply academic knowledge in real-world environments.

EDUCATION

B.Sc. in Computer Science & Engineering (Ongoing)

United International University (UIU)

CGPA: 3.80/4.00

Expected Graduation: Spring 2027

TECHNICAL SKILLS

Programming: C, C++, Java, Python (Basic)

Web: HTML, CSS, JavaScript, PHP

Database: MySQL

Networking: Routing & Switching, DHCP, OSPF, VLAN, NAT

Cyber Security: Authentication & Authorization, Security Basics

Tools: Git, Linux, JavaFX, Cisco Packet Tracer.

PROJECTS

- AchieveKIT – JavaFX productivity toolkit.
- Geo Trips – Travel Management System (PHP, MySQL, HTML, CSS).
- Authentication & Authorization System.
- Enterprise Network Setup using VLAN, DHCP, NAT & OSPF.
- Smart Pet Feeder (Arduino IoT).
- Hangman Game (JavaFX).
- HSC Result Calculator (C).

ACHIEVEMENTS

- 50% Tuition Scholarship for eight consecutive trimesters.

LANGUAGES

- Bangla (Native)
- English (Good proficiency)

INTERESTS

- Computer Networking

- Cyber Security
- Learning New Technologies
- Traveling
